Select a video by clicking on the video's icon from 'Home', 'Videos' or 'Playlist' pages.

Step 2/3 – Activate subtitles

Once on video page, toggle the subtitle icon located in the bottom right of the video screen. This appears as 'cc', or subtitles/closed captions, for English, and subtitle (c) icon for all other languages. A red line will appear below the icon once the subtitles are activated.

Step 3/3 - Change the subtitle language

Click in the menu on the bottom right corner on the 'Settings' icon (wheel).

A menu will appear. Select then 'Subtitles/CC' to see all available languages.

Select your desired language by clicking on the language name, for example: English, French or German). You will see your selected subtitle language in the menu bar. Exit the 'Settings' menu by clicking on the 'Settings' icon again and watch your subtitled video.
